Scenario Learning Ranked Among Best Places to Work in Ohio *Ohio Business Magazine recognizes growing company*

Cincinnati, Ohio (Oct. 14, 2016) – [Scenario Learning, LLC](#) announces the Ohio Business Magazine has named the developer of web-based safety and compliance solutions for schools and workplaces as a 2016 Best Place to Work in Ohio in the 50-200 employees category. This award, in its inaugural year, is a result of an extensive two-month vetting process by the publication.

“People are our most important resource and we work hard to provide an environment where our employees are engaged and happy. Happy employees help us better serve our customers, which is reflected in our 99 percent renewal rate,” said Brian Taylor, Scenario Learning CEO. “We look forward to expanding our team in 2016 and beyond as the company continues record-setting growth.”

This award follows two years of recognition in the Cincinnati Business Courier’s Best Places to Work Competition, an employee-driven award. In 2014, Scenario Learning won in the small business category for first-time participants. And in 2015, Scenario Learning won the spirit award for the entire competition. With 75 employees and sales increasing at 30 percent annually over the past five years, Scenario Learning moved to new state-of-the-art headquarters at [Keystone Parke](#) to accommodate its growth.
