Laramie County School District #1 Adopts SafeSchools Training

Award-winning system delivers expert-authored safety training to all employees

Cincinnati, Ohio (July 30, 2015) – [Scenario Learning](#), developer of award-winning safety and compliance solutions for schools, announces that Laramie County School District #1 in Wyoming has adopted the [SafeSchools Online Staff Training System](#) after a thorough Request for Proposal (RFP) process to help increase safety, district-wide.

Laramie County School District #1 issued an RFP nationwide seeking a ready-to-use hosted employee learning management and compliance tracking system that addresses local, state, and federal compliance mandates as well as district policies.

Administrators also wanted a system that was LDAP compatible, provided reminders for training assignments, had quizzes to verify retention, included role-based permissions, and customizable courses, and incorporated a New Hire training plan.

Scenario Learning was awarded the contract and Laramie County now has full access to the SafeSchools Online Staff Training System, district-wide. The web-based system helps school administrators automate their staff training, saving valuable time and money. The system includes a comprehensive library of web-based courses covering important school safety and compliance topics, such as Active Shooter; Bloodborne Pathogens; Bullying Prevention; Child Abuse Identification; Hazing Prevention; Sexual Harassment; Visual Weapons Screening; Youth Suicide Prevention and more. All SafeSchools Training courses are 100 percent school-focused and written by the nation's leading safety experts, so the content is relevant and immediately applicable in a school environment.

Thousands of districts nationwide, including 30 of the Top 100 largest in the U.S. use SafeSchools Training to automate their staff training and compliance management process. The program is perennial Top 100 Best in Education, as voted by the District Administration readers the past 5 years.

For more information on the SafeSchools Online Staff Training System, please call 1.800.434.0154 or email info@safeschools.com.
